

JetThrive

by Positive Global Learning

Peer-to-Peer Fundraising Toolkit

Quick steps to help you cover your JetThrive fee with support from friends, family, and community.

Set a Goal

Your program fee is **\$200–\$250 USD** (approx. ¥30,000–¥37,000).
Break it down: just 10 friends giving \$20 each covers the full amount.

Share Your Why

Write 2–3 sentences about why JetThrive matters to you (e.g., “I’m starting my JET journey in Japan. This program will help me build community, stay resilient through winter, and make a thoughtful recontract decision.”).

Keep it personal and specific.

Choose a Platform

Quick + easy: Venmo, PayPal, Cash App, or a simple bank transfer.

Formal option: GoFundMe (but note they take small fees).

Even simpler: Send a text/email with your goal + link.

Make the Ask

Reach out directly to 5–10 people who care about you.

Sample wording: “Instead of a holiday gift this year, would you consider contributing \$20 toward my JetThrive program? Your support will help me thrive in Japan and make the most of my experience.”

Show Progress

Share updates (“I’m halfway to my goal!”).

Thank each supporter personally.

Celebrate & Pay It Forward

Let your supporters know how the program helps you.

Share one highlight or learning with them afterward — it makes them feel part of your journey.

Tip: A simple text to 10 friends can cover your full program fee. Make it fun, keep it personal, and share your gratitude!

Every contribution matters — your community wants to see you thrive.
